The Blenheim High School Key Club is the only service organization in our school. The club, headed by our president, Ron Yamada, is sponsored by the local Kiwanis Club. White shirts and ties are worn to our Wednesday noon meetings.

As a service club we have undertaken such projects as establishing a bursary for a grade thirteen student. Our funds are increased through dances, car-washes, and an auction sale of shop projects. We also act as ushers at the school's annual Commencement, and we keep the trophy case in order.

The highlights of our year were the District "5" rally, where we acted as hosts, at the Moose Hall on January 31, and the St. Patrick's Day assembly.

These are a few of the ways in which the twenty-four members of our club have tried to improve our school. We would like to express our appreciation to all who made our organization a success. Special thanks go to our capable staff advisor, Mr. Pill, who has given so freely of his time and excellent advice.

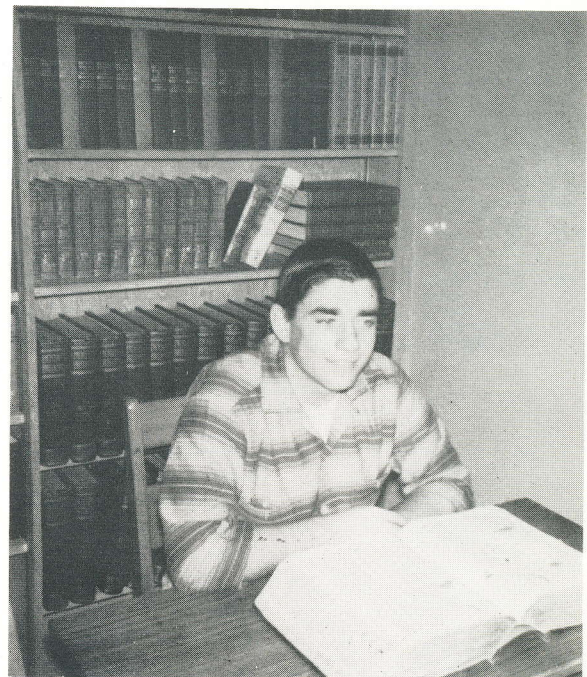

By Hank Vander Pol on behalf of the Key Club.
